

MODERN PETROCHEMICAL COMPANY

Chemical Division of Al Faisaliah Group

YOUR PREFERRED SUPPLIER

We at MPC have a heritage of supplying / delivering chemicals to upstream industry like drilling, refining, petrochemicals, besides food, pharma, and other industry for past 30+ years in the GCC region.

OUR BUSINESS

Trading & Distribution

We offer a vast array of products and services for our business partners operating as a One-Stop Shop for all their requirements. With an ever-expanding product portfolio, in-depth local and global experience, only MPC Chemicals and Polymers can provide you the optimal solutions for your business. Our unique and tested approach to sourcing products for a wide array of industries has given us distinct competitive advantage in all the industries that we serve enabling us to create sustainable long-term value for our business partners.

Marketing Services

For our suppliers, we offer complete market expansion services including product development, market & competitive intelligence. Our growing and loyal customer base along with strong financial credentials allows us to offer suppliers a unique value proposition to expand their market share in the region. This is the reason why we have earned and gained the trust of various renowned manufacturers and global suppliers.

Core Values

We are Trustworthy

We practice the highest ethical standards

We consistently Deliver

We focus on results and learn from experiences

We always put Customers first

We earn customer loyalty by consistently providing them value.

We never compromise on Quality

we offer reliable products enhancing the reputation of our customers

INDUSTRIES WE SERVE

Oil & Gas / Drilling

Calcium Bromide, Zinc Bromide, Calcium Chloride, China Clay, PAC R, PAC LV, Xanthan Gum etc

Oil Refining

Hydrofluoric Acid (AHF) FCC, Isomerization Catalysts, Gasoline Anti-Oxidant Additives
Ethanol amines, Jet Fuel Anti-Oxidants, Detergents, Viscosity Improvers, Synthetic Oils, Dyes for gasoline/diesel etc

Mining Industries

Nitric Acid, Ammonium Nitrate, Sodium Cyanide, Ph Modifiers, Deformers, Degreasers Grease, Solvent or non-Solvent etc

Polymers Industries

Polyolefin Catalysis, Polyolefin Catalysts Carriers (Amorphous silica) , Polymerization solvents (isopentane) , Aromatic solvents (MCB, OCT) , Aluminum Trihydrate, Phosphites based antioxidants , Phenolic Antioxidants, Hexene-1, butene-1, Brominated and halogen free Flame Retardants etc.

Cable / Plastic and Down Stream Industry / performance additives

TOTM, ESBO, Paraffin Wax, UV Absorbers, Ca / Zn stearates, Ca / Zn Stabilizers, Phthalic Anhydride, Fumed Silica, Talc, Flame Retardants, DBDPE / DBDPO, Lubricants, Plasticizers, Master Batches, Additives, Filler Masterbatch, Optical Brightener etc

Fertilizers Industries

Potassium Sulfate, Calcium Sulfate, Magnesium Sulphate, MPG, Citric Acid, Potassium Thio Sulphate, Acetic Acid, Glycerin, Paraffin Oil, Waxes, Ammonium Sulphate crystalline, Mono Ammonium Phosphate (Tech Grade), Ferrous Sulphate, Hydrated Lime, Magnesium Nitrate, Zinc Sulphate, Manganese Sulphate Zinc Oxide (All Grades), Phosphoric Acid, Ammonium sulphate crystalline Calcium Nitrate, Di Potassium Phosphate, KOH, Magnesium Sulphate, MKP, Potassium Sulfate etc

Paint, Compound, Construction Industries

Concrete curing & water proofing, Starch, TiO2 Rutile, Anti-Foam, Carbon black, Organic Paste, Solvents etc

Foam Industry

TDI 80/20, Polyols, Methylene Chloride, Solvents

Glass and Ceramic Industries

Soda Ash Dense, Sodium Sulphate, STPP, Boric Acid, Polymers etc

Detergent / Cleaning / Hygiene Industries

Sodium Carbonate Dense (Soda Ash), Calcium Chloride, Sodium Sulfate, Sodium Benzoate etc

Dairy / Feed/ Poultry / Premixes

Sodium Bicarbonate, Potassium Carbonate DCP 18%, Copper Sulphate, Magnesium Oxide 54%, Mono calcium Phosphate 23%, Manganese Sulfate, Zinc Sulfate, Hydrated Lime, Salt, Lime Stone Calcium Carbonate, Vitamins, DL – Methionine, L - Lysine (98.5 %), Ammonium Chloride, TCP, Sodium Benzoate, Choline Chloride (60%), Soya Bean, Valine, Chain Lubricant etc

Food / Beverages / Bakery Industries

Ascorbic Acid, Sorbitol, Soya Lecithin, Vinegar (10% Acetic), Nitric Acid, Hydrogen Peroxide, Citric Acid, Tri calcium Citrate, Calcium Carbonate, Sodium Bicarbonate, Ammonium Bicarbonate, Starch MPC, Dextrose Monohydrate, Mono propylene Glycol, Glycerin, Potassium Sorbate, CMC, TSC, Guar Gum, Xanthun Gum, MPC Etc

Water Treatment / RO Plant / Waster water Industries

Sodium Hypochlorite, Sulphuric Acid, Sodium Hydro oxide, SHMP, Hydrochloric Acid, sodium fluoride, Antiscalants, Activated Alumina, Activated Carbon, Calcium Hypochlorite 70 %, Citric Acid, Sodium Meta Bi Sulphite, Caustic Soda Flakes, TSP, Soda Ash, Sodium Sulphite, MEA, EDTA 4Na, SBS, Polymer, PAC etc

CLIENTELE

Owing to over a decade of expertise, MPC have well established customer relations and are registered vendors to most of the kingdom's largest players

<u>SNO</u>	<u>Major Clients</u>		
01	SAUDI ARAMCO	07	MA'ADEN
02	PETRO RABIGH	08	YANPET
03	SABIC	09	TASNEE
04	SAMREF	10	SATORB
05	SIPCHEM	11	Almarai
06	CRISTAL	12	NADEC
		13	Other Fertilizers Customers

➤ Logistics and Inventory Management

MPC also serve value-added services including logistics and inventory management make us the partner of choice for both customers and suppliers. We will try hard to exceed your expectations at every possible opportunity, through uninterrupted support with timely deliveries, personalized services, and responsive detail-driven customer service.

The result: you get the quality specialty chemicals you need, when you need them.

We have established warehouse facilities, where we will offer material handling capability and logistical capabilities to meet specific needs of our customer. Whether hazardous or non-hazardous, liquid or solid, bulk tanked, drummed or bagged, MPC guarantees the safe, professional and competent handling of your chemical products. Benefit from our expertise in product applications and technical requirements.

As an additional service, MPC also offers an effective Inventory Management process to reduce your working capital whilst improving operational efficiency.

➤ **Operation**

- MPC operates all the key strategic location in KSA and UAE. We divide our sales specialization in to regions like, Eastern, Western and Central region.
- Our head Office is in KSA and responsible for Central region, Dammam covers the Eastern region of the Kingdom and countries of the Arabian Gulf. whereas, the Jeddah office covers the Western and Southern region of Saudi Arabia.
- We also maintain Civil Defense and other government certifications
- Some of our major customers often come and inspect our warehousing facilities and approve of it before giving us long term contracts.
- With all the permissions and paperwork required, we are fully geared up to import any chemicals or additives for selling to our customers.
- We are fully geared up to offer you on both DDP / CIF basis as per your requirements.

We are more than happy if you send us inquiries or regular requirements for your raw materials.
